Hosted by Tracy Ryan Photography

Sponsors

Steve Parish, OAM, has been photographing Australia for more than 50 years.

He started his remarkable career photographing marine life in Australia's coastal waters.

In the years since, he has spent much of his life traveling Australia, capturing the land, its wildlife and its people in spectacular images.

As one of Australia's most well known and loved photographers, Steve is, for the first time, sharing his incredible story in 50 Years Photographing Australia.

Steve will uncover what his motivations are and what, as well as who, has inspired him to turn a passion for Australian wildlife into many of our stamps, postcards, calendars, posters and books.....connecting the whole world with Australian nature.
